

Santa's Hat

Difficulty: **Very Easy**

Age: 3 and up

What you'll need:

- 1 sheet red construction paper
- 15-20 cotton balls
- Scissors
- White craft glue
- Ruler
- Pencil

How to make it:

1. Use a ruler to find top center of the construction paper. Mark it with a dot.

2. Starting at the dot, use a ruler to draw a line down from the dot to the bottom right corner of the paper. Repeat on the left as well.

3. Cut out the triangle.
4. Line the short side of the triangle with a generous amount of white craft glue.

5. Press cotton balls on to the glue until the bottom of the triangle is covered. Pipe more glue above the cotton balls to create another row. Press cotton balls onto the glue.

6. Put some glue at the top of the triangle and press one cotton ball in place for the top of the hat.

Tips:

1. Even toddlers can join the fun, simply cut out the hat for them and pipe on the glue so that they can press on the cotton balls.
2. For added fun, let the kids decorate their hat with stickers, glitter and markers.
3. If you want to make this a keepsake, be sure to write the child's name and date on the back.
